Temple Architect & Contractor

# Shrungar Choki Of The Temple

**"Kundan Shilp"** is an Indian temple architect, architecture, and architectural design firm in Dhrangadhra (Gujarat). We work as temple architects on multiple scales for private clients and religious trusts.

# About Kundan Shilp

Kundan Shilp is one of the leading firms in the Indian architectural fraternity. We are an enthusiastic team of Indian Architecture who are focused on artistically wonderful and highly skilled Indian Architecture Design and Temple Architecture.

# About Us:

We have done many projects on Indian architectural crafts in the last 94 years. We have created more than 530 works of Indian and architectural crafts for different cultures and different religions in India. Shri Bhudarlal Moolshankar Sompura started the privatization of this architectural work in the year 1927. After that, his son Shri Ramshankar Bhudarlal Sompura carried out this task. He named his personal profession "Kundan Crafts". After that, his son Mr. Bhupatbhai Ramshankar Sompura was running this company till 2010 and now his sons Mr. Bhaveshbhai Bhupatbhai Sompura are managing this firm.

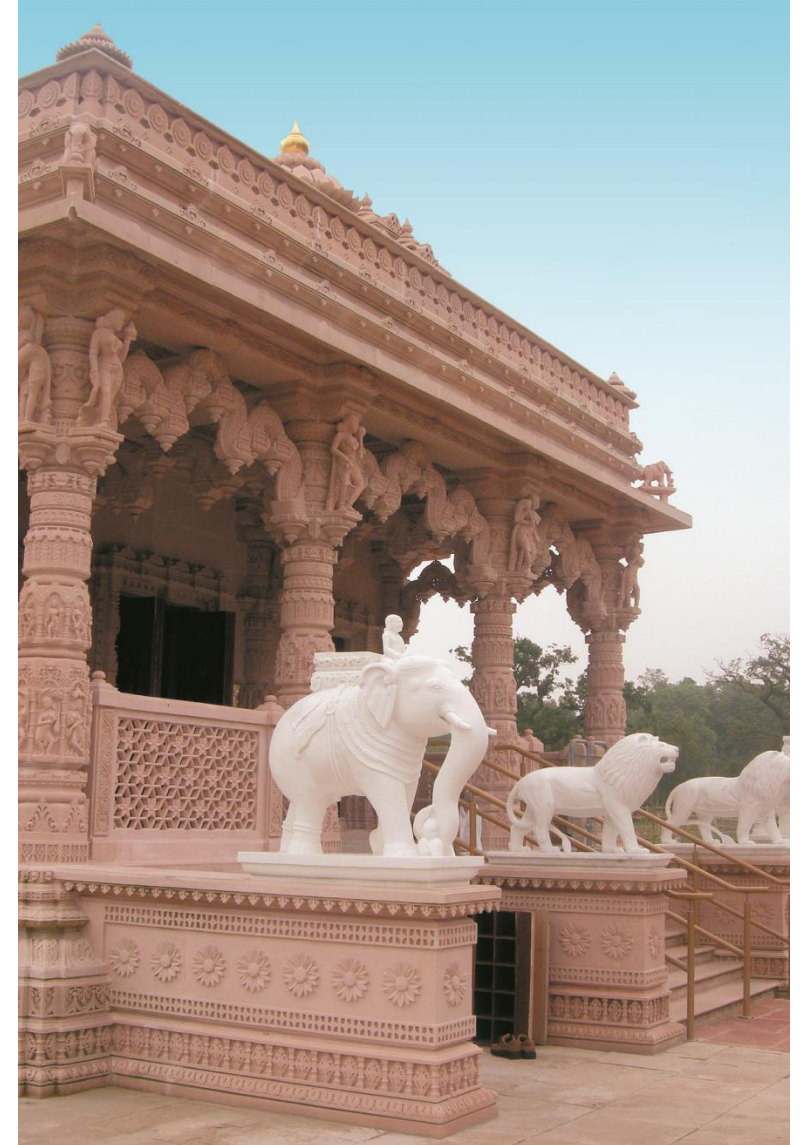

We inspect the construction site of the temple and evaluate the direction, income, nakshatra, expenditure, and numerator before going to the floor. Our skilled professionals work strictly on it and develop a great plan for Indian architecture design and temple architecture which includes every little detail about it. We maintain honesty, integrity, and complete transparency with our valued clients to remove potential misunderstandings that may ruin our relationship with our clients.

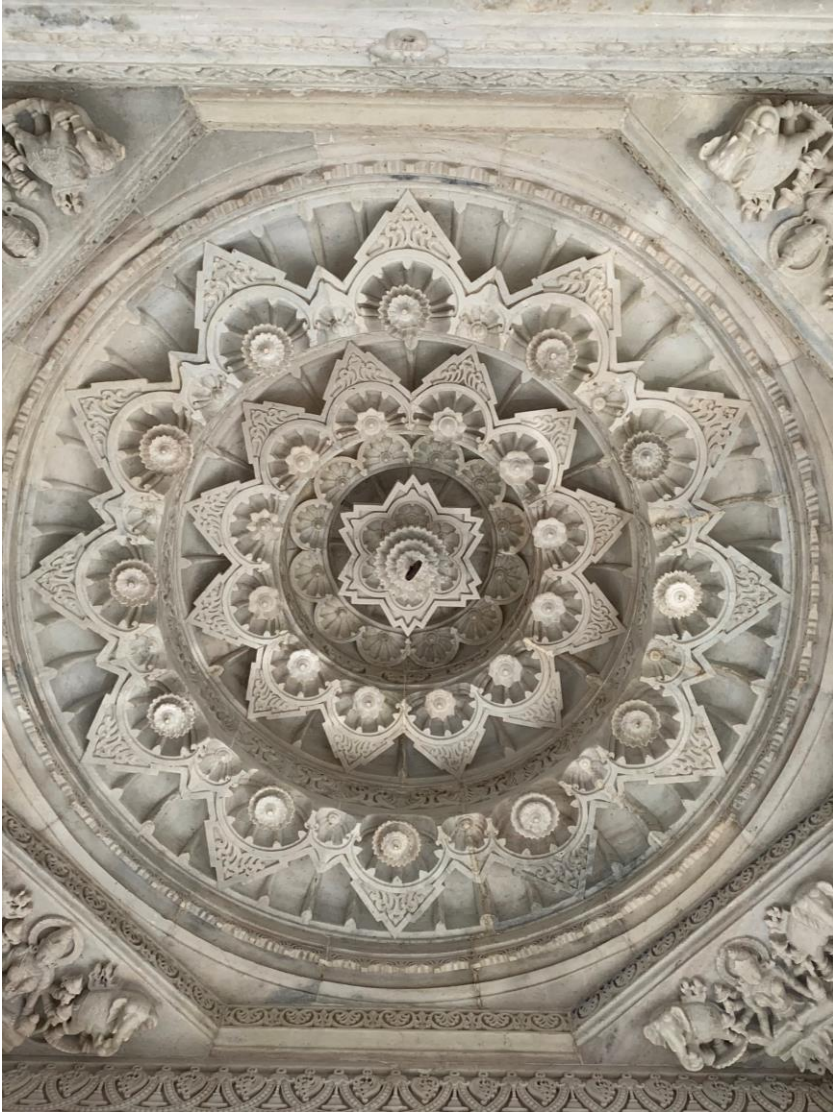

**Our design approach is to  
reconnect architecture with  
nature,**

importance of Indian  
architecture

The most important thing about  
Indian architecture and  
architecture is that the  
philosophy of continuity can be  
seen in it even after such a long  
time. Indian culture is different  
from other cultures in this  
respect.
